Accompanying Petition for Revival of Abandoned Patent Application dated October 24, 2006

**REMARKS**

This Amendment accompanies a Petition for Revival of an Application for Patent Abandoned Unintentionally ("the Petition") also filed on October 24, 2006. The Amendment is a response to the Office Action mailed August 15, 2005 ("the Office Action"). The Petition is a response to the Notice of Abandonment dated August 24, 2006.

**Priority**

With respect to Priority, Applicants respectfully draw the attention of the Examiner to pages 2 and 3 of the Preliminary Amendment dated August 22, 2003. Among other things, the cross-reference indicates that U.S. Application No. 07/777,393, now U.S. Patent 5,410,141, is a national phase application of PCT International Application No. PCT/US/90/03282, filed June 7, 1990. There are other statements in the Preliminary Amendment that the Examiner should consider in determining priority. Applicants respectfully request that the Examiner restate the Examiner's understanding of the priority of the present application.

In view of *at least* the filing date of said PCT International Application, it is respectfully submitted that the present application antedates U.S. Patent No. 5,166,693 ("Nishikawa") that is alleged to be prior art in the Office Action. Since Nishikawa is not prior art in view of *at least* the filing date of said PCT International Application, it is respectfully requested that the rejections based, at least in part, on Nishikawa be withdrawn.

**Amended Claims**

Claims 56-72 were pending in the present application before the present application was unintentionally abandoned.

Applicants have amended claims 56, 60, 64, 65 and 69. It is believed that these claims are in condition for allowance.
